Footnotes:

- (1) This chart includes only major core federal categories that are received by Nebraska and the corresponding national totals. It does not show all federal categories available to the states.
- (2) All apportionments listed are available for four years. Matching ratio is 90/10 if used on Interstate System (except for adding lanes), most other categories have an 80/20 matching ratio.
- (3) Includes distribution based on apportionment percentages for minimum guarantee.
