

STATE OF NEBRASKA
DEPARTMENT OF ROADS
ADDENDUM NO. 1
PROJECT NO. NH-80-9(828)
CONTROL NO. 12455
CALL ORDER 115
I-80/N-63 INTERCHANGE
LETTING DATE: JULY 26, 2007

On pages 18 – 22 in the Special Provisions, “GENERAL DECISION: NE20070019 05/18/2007” is void and superseded by “GENERAL DECISION: NE20070019 07/06/2007 NE19” as follows:

GENERAL DECISION: **NE20070019** 07/06/2007 NE19

Date: July 6, 2007

General Decision Number: **NE20070019** 07/06/2007

Superseded General Decision Number: NE20030019

State: Nebraska

Construction Type: Highway

County: Cass County in Nebraska.

HIGHWAY CONSTRUCTION PROJECTS (excluding tunnels, building structures in rest area projects, and railroad construction; bascule, suspension & spandrel arch bridges; bridges designed for commercial navigation; bridges involving marine construction; other major bridges)

Group 3.....\$	20.21	6.75
Group 4.....\$	20.93	6.75
Group 5.....\$	22.93	6.75

Group 1: Oiler, Greaser, Air Compressors, Welding machines, Pumps, Rollers, Hydro Hammer, Concrete Pumps, Rubber Tired Farm Tractors, Spread Oiler less than 2 years experience;

Group 2: Offroad heavy haulers, Rough Dozer, Rough Blade, Cure & Tyne Machine, Pug Mill, Ferguson type tractors (Workbull with high tecco), Asphalt Roller, Forklift, Oil Distributor, Boom Trucks under 5000lbs, Self-Propelled Compactor, Scrapers and Tractor-Scraper Combination (With less than 2 years experience);

Group 3: One & Two Drum hoits, Tuggers, Trenchers, Concrete spreader & Finishing Machine, Loaders, Spread Oiler more than 2 years experience, Bantam Type Tamper, Rubber Tired Tractor Backhoe, Finish Dozer, Scraper and Tractor-Scraper Combination (with less than 3 years experience);

Group 4: Trimmers, Backhoes/Excavator, Machanic, Slipform Pavers, Asphalt Plants-Concrete Plants, Laydown machines, Concrete PUMp Trucks, Finish Blade, Scraper and Tractor-Scraper Combination (with more than 3 years experience);

Group 5: Cranes, Bridge Desk Finishers, Excavator used for

hoisting to construct Bridges and Box Culverts

FOOTNOTES: Operation of an articulating, Pitman type boom truck with single axle truck and lift capacity of less than 5,000 lbs., used to put construction materials in place: 90% of the group 2 rate.

When two (2) scraper units or two push cat units capable of operating separately are hooked together in tandem for single operation, the operator shall receive twenty-five cents (\$0.25) over the classification worked.

When air compressors are used for operating the hammer when pulling or driving pile and the compressor operator is required to operate the air valve for such hammer, such compressor operator shall receive the top wage rate.

Operators working in tunnels and caverns under compressed or free air shall receive forty cents (\$0.40) above their classification.

Hazardous waste removal work requiring the wearing of personal protective equipment and/or suits, to be paid as follows:

- Class A: \$3.00 additional per hour
- Class B: 2.00 additional per hour
- Class C: 1.00 additional per hour
- Class D: no premium pay.

WELDERS - Receive rate prescribed for craft performing operation to which welding is incidental.
=====

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

In the listing above, the "SU" designation means that rates listed under the identifier do not reflect collectively bargained wage and fringe benefit rates. Other designations indicate unions whose rates have been determined to be prevailing.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests

for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

=====

END OF GENERAL DECISION

* * * * *

The Special Provisions are amended to include the following:

CONCRETE PROTECTION BARRIER

Paragraph 5. *Concrete Protection Barriers*, of Subsection 422.03 of the Standard Specifications, is amended to include the following:

f. (1) Concrete protection barriers that become dislodged or moved out of alignment shall be placed back into alignment as soon as practical. If the dislodged barriers are considered to be a hazard to the traveling public by the Engineer, or the barriers encroach into the traveled lane, the barriers shall be realigned within four (4) hours of the time the Contractor is notified. For each occurrence, failure to realign the barriers within the four (4) hour time period after notification will result in the assessment of a lump sum of \$1,000.00 liquidated damage. If not completed during this period, the Engineer may proceed to correct the adverse condition in a manner deemed appropriate and the Contractor will be also be assessed the cost incurred when the action is performed by others.

(2) The work of realigning any dislodged concrete protection barriers, along with any grading required, shall be considered subsidiary to installing concrete protection barriers.

DEPARTMENT OF ROADS

Claude Oie
Construction Engineer

Issued: July 9, 2007

CO:KM:115AD107

NOTICE: Only the contractors issued bidding proposals receive this addendum and responsibility for notifying any potential subcontractors or suppliers remains with the contractor.
