Appendix 3 of this manual has an example of the field book records required for a field laboratory.

901.03 BASIS OF PAYMENT

Payment of 100 percent will be made for the field laboratory after it is inspected and approved by the Project Manager. When two or more projects are included in the same contract the cost for the field laboratories may be prorated to the projects on the contractor's estimate forms furnished the Project Manager. When preparing the form for submittal, the Project Manager will use the same decimal quantities, shown under contract quantities on the form, for each project on the first estimate that payment is made for this item even though work has started on only one of the projects involved. Payment for the field laboratory will not be related to the percent of work performed by the contractor.
